

The way it used to be....

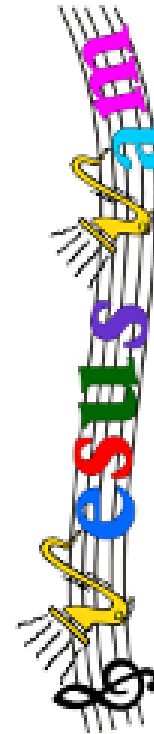

This event was organized by people that remember how the summer was filled with simple events. In the distant past people attended local carnivals and ice cream socials. Neighbors spent time together enjoying the pleasure of simple conversation and distraction from the summer heat. This nostalgic statement, "the way it used to be," sparked a question. Why not host a community event and invite the neighbors to come?

After a few idea sessions the ball got rolling and the event date was set. In this first year the primary hosts are Lindale and Silver Creek UMC churches.

They invite you to come out and sit a spell. Take off your shoes and wade in the creek. Spend some quality time with your family and some of your neighbors.

What is Jesus Jam?

This is the first annual Jesus Jam summer festival held in the Willard Nixon Park in Silver Creek GA. The event is a community building project hosted by Lindale and Silver Creek United Methodist Churches. The only mission is to bring the community together in a family atmosphere with music and activities. The two sponsoring churches want to provide an entertaining setting where the community can cool off in the summer heat using Silver Creek and enjoy family oriented and Christian music in a variety of styles. The different artists that will perform are all volunteers and come from the North Georgia Area. While food and games do have a charge, the prices are only the amount needed to offset the cost of the event. There is **NO CHARGE** for the event, access to the creek, parking or inflatable playground.

We invite the community to come out for part or all of the afternoon and enjoy the rural setting and the refreshing environment. Come out and enjoy some fun with the Son.
